

## PDI Checklist for Tata Punch.ev - Draft version

1. Before completing the PDI, only pay the pre-booking amount.  
Dealers may ask for more, citing month-end targets or providing alternative vehicles if the PDI fails. Do not fall for this.
2. Ask the Sales Advisor (SA) to complete the PDI and confirm it before your visit. Request the chassis number of the vehicle for tracking purposes.
3. Inform SA to ensure the car is at least at 40% charge for your PDI.
4. Schedule the PDI during daytime and plan to spend at least one hour.
5. Take a photo for memory.
6. Carry USB Type-A and Type C cable, 12v charger (try tyre inflator)
7. Ask dealer to verify AC and DC charging works.
