ALL DEALERS, DEALER BRANCHES & MCS/MASCS

We acknowledge the effort of our channel partners in driving penetration of Shield (Extended Warranty) both from Sales & aftersales operation. This has reaped direct benefit from commission & incentive in immediate term and will also secure retention of vehicles in Dealer network for a longer duration.

Shield pricing is going through a revision effective from **25th July 2022**. Detail revised price list is appended below. While we are at par or better than the industry standard in terms of dealer’s commission out of shield, we have further sweetened it by increasing commission on 5 products to motivate the team for driving increased penetration.

Beside that we will continue to bring strategic intervention – time to time to create more stimulus in the market, enabling higher penetration.

Kindly align all role holders (e.g. SA, RM, SC, EE, CRE etc.) and ensure all the shields where amount has been collected are punched in the DMS on or before 24th July 2022 23:59 hrs. System can’t execute any price protection request coming up at a later date.
